OnDemand Resources Named to Inc. 5000 List of Fastest Growing Private Companies

OnDemand honored for the fourth time in the firm's 12 year history

MCLEAN, VA, August 17, 2015 -- OnDemand Resources, a pioneering provider of independent project and interim talent in supply chain, procurement and operations for clients across a wide variety of industries is pleased to announce that for the fourth time in the firm's 12 year history they have been named to Inc. Magazine's prestigious list of the 5000 fastest-growing private companies in America. Inc.'s 34th annual ranking is the most competitive in the list's history and represents a comprehensive look at the most important segment of the economy - America's independent entrepreneurs.

"It's an honor to yet again be recognized alongside some of the country's most innovative and groundbreaking private companies," said Jan Malasek, OnDemand Resource CEO. "This privilege is a testimony to OnDemand's business model of providing clients flexible talent to help them achieve exceptional results, our strong focus on what we know best, and the commitment our team has to focusing on our client's needs. It truly highlights how companies are changing how they engage expertise to achieve their objectives."

Companies such as Yelp, Pandora, Timberland, Dell, Domino's Pizza, LinkedIn, Zillow, and many other well-known names gained early exposure as members of the Inc. 5000.

"The story of this year's Inc. 5000 is the story of great leadership. In an incredibly competitive business landscape, it takes something extraordinary to take your company to the top," says Inc. President and Editor-In-Chief Eric Schurenberg. "You have to remember that the average company on the Inc. 5000 grew nearly six-fold since 2012. Business owners don't achieve that kind of success by accident."
